Artemis

CLOSURES

Driven by Excellence

Artemis Closures is a brand of Artemis Ltd., a Bulgarian-Greek company founded by industry experts with proven expertise. As an independent European manufacturer with more than two decades of experience, Artemis Closures delivers premium-quality, innovative, and sustainable aluminum caps and decorative closures for wine, spirits, and edible oils and vinegars.

Vision

To establish ourselves as a leader in the manufacturing of caps and closures, recognized for quality and innovation. We are committed to supporting the development of our team members and strengthening our relationships with clients and industry partners, while maintaining responsibility towards society and the environment.

Mission

To unite quality, innovation, and sustainability in our caps and closures, making them universally accessible worldwide.

Driven by Excellence

- Rotogravure printing
- Flexo printing
- Hot foil printing
- Relief embossing on top
- Tear tap
- Perforation strip

ARTEMIS CLOSURES GUIDING PRINCIPLES

Commitment to Quality

We ensure that every product meets the highest standards through rigorous quality control systems.
Consistent performance is at the core of our offering, meeting and exceeding industry expectations.

Broad Technical Expertise

Artemis provides a diverse range of caps and closures tailored to meet customer-specific needs.
Our flexibility allows us to adapt quickly to market demands and innovate new solutions.

Trusted Partnerships

We build long-term relationships based on reliability, integrity, and a personalized approach.
Our reputation across the world as a trusted partner ensures your brand maintains its premium image.

Timely Deliveries

Our precise planning and streamlined logistics guarantee punctual deliveries to keep your production lines moving.
We commit to meeting deadlines, no matter the complexity of the order.

Flexibility & Personalization

With the ability to fulfil small or large batches, we adapt to the size and scope of your project.
Custom-designed caps and capsules bring your brand's identity to life.

Sustainability Focus

We actively reduce our environmental footprint through the use of renewable energy and recyclable materials.
Our sustainable practices ensure you can meet consumer demands for eco-friendly products.

Innovative Excellence

Continuous investment in cutting-edge technologies and design ensures we stay ahead of industry trends. Patented systems and advanced equipment drive innovation in product performance.

Ethical Business Practices

Transparency and accountability are at the core of all our operations, ensuring trust in every interaction.
We operate with respect for customers, partners, and the environment, reinforcing our commitment to responsibility.

SUSTAINABILITY:
Our Four Pillars

Sustainability is at the heart of **Artemis's** operations, integrating environmental, social, economic, and collaborative efforts to ensure a responsible and lasting impact.

Environmental Sustainability

Artemis Closures is committed to **environmental sustainability** by prioritizing eco-friendly practices, utilizing recyclable materials, and adopting renewable energy solutions to minimize its ecological footprint. Innovation drives our efforts to protect natural resources and combat climate change, reflecting our dedication to a greener future.

Economic sustainability

Economic sustainability ensures that **Artemis Closures** maintains long-term growth and value creation. Through efficient use of resources, cutting-edge technologies, and strong partnerships, we deliver scalable solutions that meet the evolving needs of our clients while fostering shared prosperity.

Social Sustainability

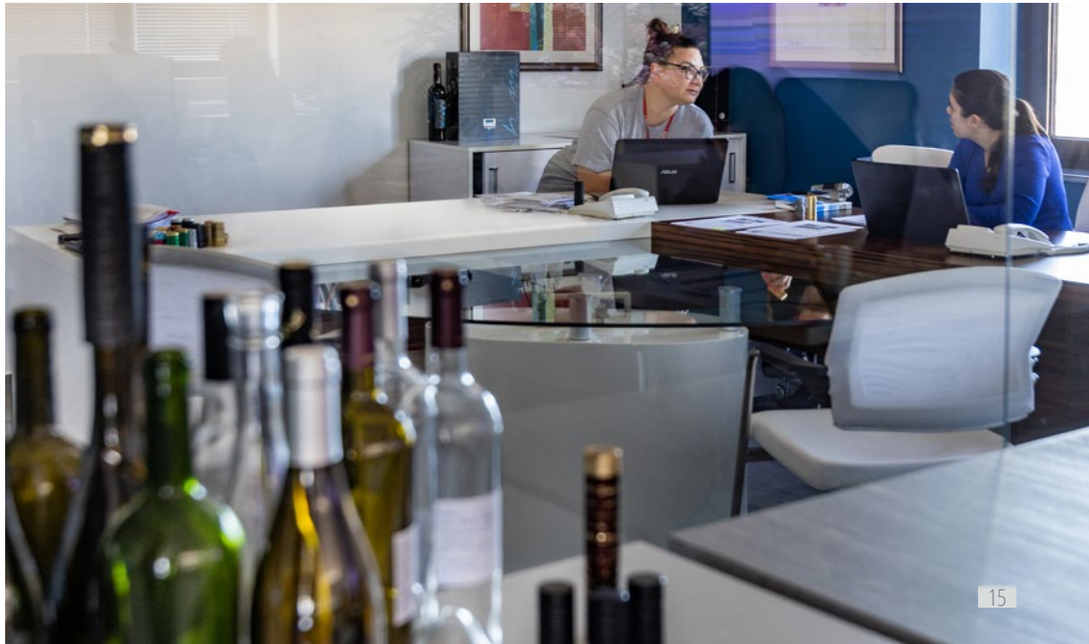

Social sustainability is integral to **Artemis's** culture. We promote diversity, inclusion, and a safe working environment for our employees. Our community engagements focus on empowerment, education, and collaboration to create opportunities for growth and positive societal impact.

Collaborative Sustainability

Collaborative sustainability emphasizes the importance of partnerships in addressing global challenges. By working closely with clients, suppliers, governments, and organizations, **Artemis** Closures develops integrated and innovative solutions that align with international standards and inspire collective progress.

Through these four pillars, **Artemis** ensures that sustainability is not just a practice but a principle guiding every decision and action. Together, we aim to balance the needs of the planet, people, and profit while fostering meaningful collaborations for a better future.
